

We give you world-class healthcare, delivered at a world-class destination

Australia is the best place in the world for superb medical treatment, offering world-class services and specialists. Medical treatment visas are available for most forms of medical treatment, including consultation.

Australia is rated number one in the world for medical outcomes, according to Commonwealth Research Fund New York.

Australia has 32,000 medical specialists and 630 private hospitals. You will have access to the very best of both for medical treatment without delay.

Medical Tourism Australia will get you here. We are a highly-innovative Australian company whose sole focus is on bringing international patients to Australia for treatment. We take care of all the arrangements, giving you access to the world's very best medical treatment.

Time to start your journey to better health

Follow these easy steps:

Get in touch with Medical Tourism Australia;

Our medical directors will evaluate your medical diagnosis and refer you to the most suitable specialist for your case and you are given a price for your procedure;

The hospital or specialist gives the costs involved, and once given the go-ahead, treats you and recommends any ancillary treatments;

We keep you informed of all costs and pay the hospital directly on your behalf;

We will arrange visas for you and a family member/support persons if necessary, transport from the airport to hotel, specialist and hospital. We will provide an interpreter, if needed.

We will support and facilitate post-operative care arrangements, including access to allied health treatments such as physiotherapy and occupational therapy;

Your specialist medical director approves your release and you return home, recovered, relaxed, and ready to face life in good health.
